

Magazines Online

Did you know you can read many of your favorite magazines on the AVL (Alabama Virtual Library)? For adults, AVL offers Consumer Reports, Forbes, National Geographic, Natural Health, Sports Illustrated and more. In the high school section, links are provided for Newsweek, People and U.S. News & World Report. For elementary-age students, AVL offers Highlights for Children, Ranger Rick and Sports Illustrated for Children.

To quickly find these magazines and more, just choose "Adult Resources" or "Student Resources" at the top of the AVL page and select the "Magazines" option in the left menu to see top magazines and journals or to search for your favorite title.
